

BIO SCULPTURE

E-FILE SYSTEM

PRICE LIST

# *A Different* APPROACH TO NAIL FILING

BIO SCULPTURE's professional E-File System includes an Electric File, Specialty Bit collection and Dust Collector, specifically designed to aid in the removal, preparation and application of gel products.

- ✓ Improve the quality and efficiency
- ✓ Faster soak-off time
- ✓ Effective and flawless cuticle preparation
- ✓ Minimises heat spike
- ✓ Can be used during multiple treatments

## E-FILE

The BIO SCULPTURE E-File is designed to improve the quality and efficiency of nail treatments in the salon. The E-File can be used during multiple treatments including overlays and extensions, manicures and pedicures.

EF/EF/EU BIO SCULPTURE E-FILE & ADAPTOR EU

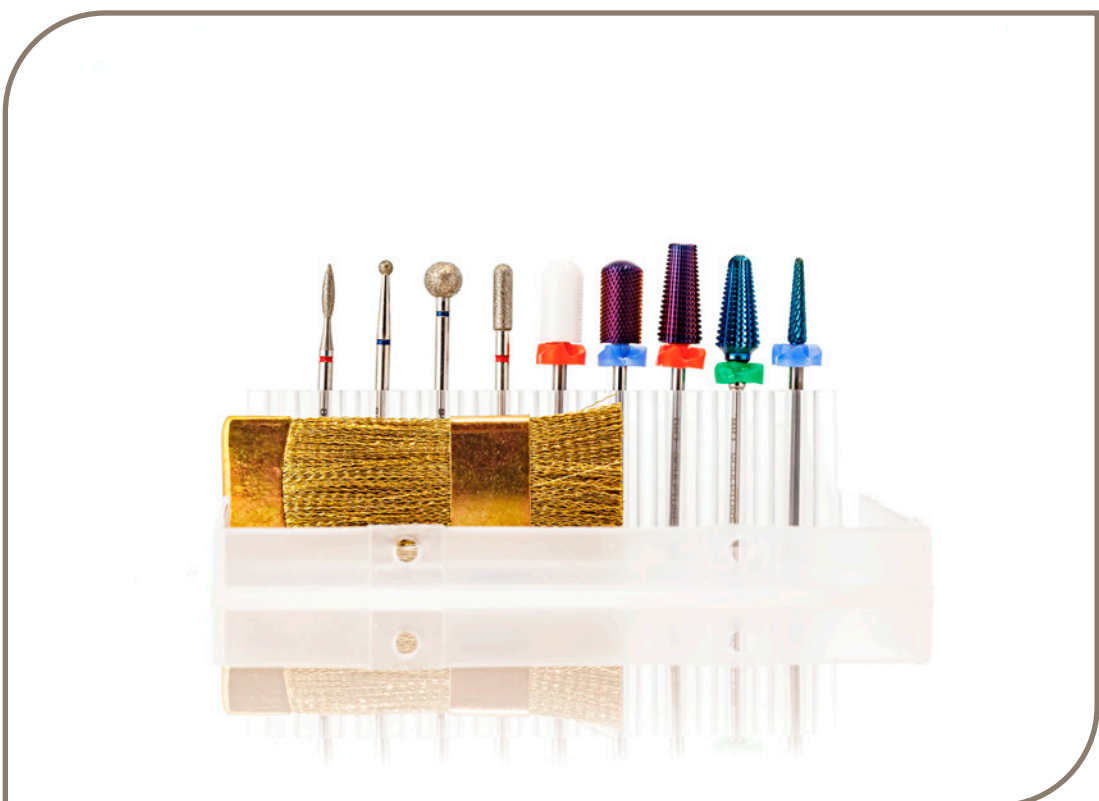

# R1,950

## DUST COLLECTOR

The BIO SCULPTURE Dust Collector is specially designed to effectively capture dust generated by filing. The highly efficient air filter is removable for easy cleaning or replacement.

EF/DC/EU BIO SCULPTURE DUST COLLECTOR & ADAPTER EU

# R1,700

## BITS

BIO SCULPTURE offers a select variety of E-File bits, each with a specific purpose from preparation for product removal, cuticle preparation, dry gel shaping to dry skin removal. The range of bits offer different grits, materials, shapes and sizes suited to different functions. Using an E-File in your nail treatment routine will leave you wondering how you managed without one before.
